FOR THE CONCLAVE

The Vatican is the Scene of Great Activity Both Inside and Outside.

EVERYTHING IS IN CONFUSION.

Transforming the Beautiful Chapel in St. Peter's From a Religious to an Almost Electoral Aspect.

The Galleries Which Were Built to Accommodate Special Personages Are Being Replaced By Stalls For the Cardinals.

Rome, July 31.—The vatican Thursday was the scene of great activity both inside and outside. Within the last few days preparations were made for the conclave and everything was in the utmost confusion. Servants were hurrying hither and thither, some hanging curtains, others putting in extra furniture, while porters were staggering along under immense trunks as if some of the cardinals expected to remain in their cells for months. Other cardinals sent practically nothing. In the Sistine chapel work went on throughout the night. The catafalque erected for the funeral services is being pulled down and the galleries which were built for the accommodation of the special personages are being replaced by stalls for the cardinals. These will be ranged on both sides and surmounted by canopies, all in violet except that of the camerlingo, Cardinal Oreglia, which will be green, as he is the only cardinal of the congregation who was created under the reign of Pius IX.

The noise was so great that the colossal figures of Michael Angelus' "Last Judgment" seemed almost to show surprise at the busy scene which was transforming the beautiful chapel from a religious to an almost electoral aspect. Outside the vatican the work was of a different character, the work of support of the different candidates marshaling their strength for the battle which will begin with the conclave. No one candidate stands out prominently, as did Count Pecci in the conclave of 1878, and the discussion here is not so much concerning the superior qualities of the candidates as of the strength with which they are credited.

The cardinals Thursday visited the cells which they are to occupy during the conclave, and it can not be said that they returned very enthusiastic over the idea of being confined, perhaps for some time, in what are rightly termed "cells," which are without running water and necessary ventilation. It was feared that the health of some of the older and more feeble cardinals might suffer. Perhaps the most dissatisfied was Cardinal Maszary, who, as primate of Hungary, is the wealthiest of the cardinals. He is credited with an income of \$400,000 annually. He insists that he can not eat with the others, and must have his meals outside.

THE HALL OF RECORDS.

The Government Acquires a Site For the New Building.

Washington, July 31.—The government has decided to acquire a square in this city, between Eighteenth and Nineteenth and E and F streets, just west of the state, war and navy building, as a site for the proposed hall of records for government archives. Congress appropriated \$400,000 for the purchase of the land and the secretary of the treasury has agreed to pay an aggregate of \$300,000 or 2 1-10 times the assessed valuation for the property.

MILITARY COUNCILS.

Discussed China's Policy in the Event of a Russian-Japanese War.

Tien-Tsin, July 31.—The viceroy of the province of Chi Li has had a series of military councils, it is said, to decide upon the policy to be adopted in the event Russia should demand China's assistance against Japan. It is reported that Russian enlistment of Chinese in Manchuria is in progress.

No Alliance Between Spain and France Madrid, July 31.—Premier Villaverde has published an official note declaring that there is no alliance between Spain and France, but that a good understanding exists which may possibly serve as a basis for something more in the future.

Washington, July 31.—Theodore Hansen, the Russian charge, will leave here Friday for Bar Harbor, Me., where the affairs of the embassy will be conducted during the rest of the summer. Mr. Hansen will return in September.

TO BUILD LARGE SHOPS.

Illinois Central Secures Option on Land at Louisville.

Louisville, Ky., July 31.—The Illinois Central has secured an option on 80 acres of ground just outside of the southern part of the city and it has been definitely intimated to the city officials that the building of large shops is under consideration. Certain concessions are necessary and if these can be secured it is reasonably certain that the option will be closed and the shops built. Agents for the road have been inquiring into labor conditions in Louisville and the report they made was extremely satisfactory to the management of the road. In Chicago disputes between labor and capital are so frequent that all the large corporations lose every year thousands of dollars from this cause.

This question is said to enter largely into the consideration, in addition to the fact that shops to supply the demands of the territory south of the Ohio are needed.

KILLED FORMER EMPLOYER.

Charles Hulett Shot By James Cooper at Lexington.

Lexington, Ky., July 31.—Because Charles Hulett, a contractor, aged 50 years, did not pay him what he thought three days' services were worth, James Cooper, a laborer, aged 30, secured a pistol and shot Hulett to death. The victim was sitting in a chair supervising work on a building Thursday afternoon when his former employe approached and shot him four times. Cooper attempted to escape and when run down showed fight and had to be clubbed into submission.

To Purify the City.

Paducah, Ky., July 31.—The Good Government league Thursday started a crusade "to purify the city." Several warrants were issued Wednesday for alleged bawdy housekeepers, and Thursday warrants were issued against Sam Holland, J. J. Cral and J. W. Horrell, charging them with setting up games of chance. They were sworn to by Secretary S. B. Hanna, of the Y. M. C. A.

Clash Between the Heirs.

Louisville, Ky., July 31.—The Fidelity Trust Co., appointed by Judge Gregory administrator of the estate of William H. Bryarly, has filed suit to control the estate of the late Louisville tobacco man. The estate is said to be worth about \$180,000. There was a clash between decedent's Kentucky and Tennessee heirs.

Burglarized a Pethouse.

Covington, Ky., July 31.—The burglar who entered the county branch hospital does not seem to have any dread for contagious disease. The fellow secured 12 new blankets and carried away the records of the patients. County Health Officer Dr. Wilson reported the matter to the Covington police.

Will Cost Millions.

Louisville, Ky., July 31.—Mayor Charles F. Grainger announced that steps would be taken to have the railroads entering Louisville depress or elevate their tracks within the city limits. The work will cost \$10,000,000. The mayor's plan also contemplates elevated terminals for suburban lines.

Mysteriously Disappeared.

Newport, Ky., July 31.—Jacob Groeschel, of Lowell street, has been missing from his home since last Monday. Thursday morning the police were visited by his daughter and requested to assist in locating him. His domestic relations are said to have been pleasant.

Dr. Louis Kasterbein Dead.

Louisville, Ky., July 31.—Dr. Louis D. Kasterbein, one of the leading physicians in the city and a man distinguished for his ability as an analytical chemist and expert on poisons, is dead. Dr. Kasterbein was 64 years old and commenced the study of chemistry when a boy.

Confederate Veteran Dead.

Cadiz, Ky., July 31.—James Ab Humphries, of near Canton, this county, passed away of cancer of the stomach, after an illness of several months. He was an old confederate soldier, joining the army in Floyd, La., in 1861, and was in the long siege of Vicksburg.

Judge Faulkner's Majority.

Barboursville, Ky., July 31.—An official count of the votes cast in the recent race for the judicial nomination in this, the Twenty-seventh district, gives Judge Faulkner a majority of 3,744 over his opponent, John L. Isaacs.

Wilson Nominated For Mayor.

Bowling Green, Ky., July 31.—Geo. T. Wilson was nominated by the democrats for mayor of this city over E. H. Porter by a majority of 101 votes. It was one of the hottest party fights ever made in Bowling Green.

STRONG WITNESS.

Combs Testified He Saw Noble, Jett and White Together Just Before the Shooting.

TOM WHITE BECKONED TO JETT.

The Two Went to the Courthouse Door and a Shot Was Heard a Few Minutes Later.

On Being Cross-Examined By the Defense He Was Not Confused in His Testimony—Mr. Combs Is a New Witness.

Cynthiana, Ky., July 31.—In the trial of the cases of the Kentucky feudists court opened, at 8:30 Thursday morning. S. S. Taulbee, county clerk of Breathitt county, was placed on the stand and testified that he was standing on the corner by Hargis' store, looking toward the courthouse and saw J. B. Marcum and B. Ewen standing in the door of the courthouse. He was not looking at them at the time, but at the first shot he saw Ewen look back into the hall and then run. He did not see any one on the street, where Jett claimed to be, but saw him soon after. He was sure he was not on the street at the time of the shooting or he would have seen him. He was passed up for cross-examination, being examined by Judge Black, who could not shake his testimony.

Wm. M. Combs was then placed on the stand and testified that he knew Marcum; was in Black's office and heard the first shot and looked out of the window and saw Marcum falling. He came out on the street and saw Jett come outside the door of the courthouse, his attention being called by Joe Patrick. Saw Jett afterwards go toward the jail. He was cross-examined by Black, but could not be confused.

The next witness called was Hezekiah Combs, who is a new witness introduced by the prosecution. He made a strong witness for the prosecution, testifying that he saw John Noble, Curt Jett and Tom White together a short time before the shooting. He engaged in a short conversation with Noble; saw White beckon Jett and they went toward the side door of the courthouse. He went on down the street and in a few minutes heard a shot and some one cry, "Oh, Lordy." He looked back and saw Ewen run, looking back as he ran. On being cross-examined, he was not confused in his testimony.

Barney Schiff, a ginseng pedler whose home is at Charleston, W. Va., testified during the afternoon session that he had seen Curtis Jett go into the courthouse a few minutes before the killing of Marcum and came out immediately after the firing of the two shots. He was vigorously cross-examined. He is badly scared and is in the protection of the soldiers across the river. Court adjourned at 4:40 p. m. until Friday at 8 a. m.

THE ESCAPED CONVICTS.

It Is Now Thought That Some of Them Will Never Be Recaptured.

Placerville, Cal., July 31.—Although hundreds of heavily armed men are now engaged in the search for the 12 surviving prisoners who escaped from the Folsom penitentiary on Monday, the outlaws remain masters of the situation. They have succeeded in eluding their pursuers and the ultimate escape of at least some of the men seems highly probable. Since the fatal fight at Pilot Hill on Monday night in which one of the convicts was killed, the others have not been seen unless the story of William Green, a cowboy, who says he met two armed men in Placer county Thursday and afterwards identified them by photographs as a couple of the outlaws, proves to be true.

Driggs Pleads Not Guilty.

New York, July 31.—Former Congressman Driggs appeared before Judge Thomas, in the United States circuit court, Brooklyn, and pleaded not guilty to the indictments which were recently found against him, with leave to withdraw his plea and to demur.

Alleged Corrupt Practices.

Denver, Col., July 31.—A grand jury was sworn in to investigate alleged corrupt practices in public offices. Judge Johnson's instructions specified as subjects for investigation the actions of the city council in giving away valuable franchises, etc.

ROLALTY IN IRELAND.

King and Queen Inspecting Wild and Picturesque Regions.

Galway, July 31.—King Edward and Queen Alexandra continued by motor Thursday their inspection of some of the wildest and most picturesque regions of Ireland. The start was made at 9 o'clock from the little town of Teenane, on the shore of Killarney Bay, where the mayor, the local rector, the parish priest and a deputation representing 20,000 inhabitants of the wild Connemara mountains, presented an address. The king, in replying, said he had already inspected some of the cottage industries and he wished to assure the inhabitants that he was equally pleased with the spirit of industrial activity and the warm, hearty welcome of the people, which he and the queen both would long remember. The hearty tone of his majesty's speech was received with every evidence of appreciation.

The royal party drove off in motors through the beautiful lake and mountain country, everywhere greeted royally by the inhabitants, many of whom journeyed leagues across the mountains to catch a sight of them.

The motor journey ended at Recc, where the party had luncheon. The town was decorated and the hotel was surrounded by a guard of honor of "Connemara cavalry," peasants from the surrounding country astride of saddleless mountain ponies and wearing "Jerry" hats decorated with tri-color ribbons and green rosettes.

Their majesties took a train for Galway and arrived here late in the afternoon. They met with an enthusiastic reception.

A MINIATURE RIOT.

Meeting Addressed by Booker T. Washington in Boston Disturbed by Dozen Negroes.

TWENTY-FIVE POLICEMEN CALLED

Several Arrests Were Made and One of the Officers Was Stabbed With a Hat Pin.

One of the Opponents of Mr. Washington Was Severely Cut With a Razor and Was Taken to the Hospital For Repairs.

Boston, July 31.—An attempt on the part of half a dozen Negroes who are opposed to Booker T. Washington, president of Tuskegee institute, to ask questions at a meeting which he was addressing Thursday night at the Zion church, almost resulted in a riot and 25 policemen were called to quell the disturbance.

Several arrests were made, one policeman was stabbed with a hat pin, while a man, said to be one of those opposed to Mr. Washington, was cut several times with a razor and was taken to a hospital. After the arrests Mr. Washington was allowed to proceed and spoke for nearly two hours.

Both factions at the close of the meeting issued statements. Mr. Washington said in his statement that the Negroes of Boston should not be held responsible for a few riotous individuals, while Wm. Munroe Trotter, one of those who was arrested, said that the cause of the rioting was the ruling of the chairman, Mr. Lewis, in ordering the arrest and ejection of any person who hissed or manifested any objection to the speaker of the evening. It is said that the disturbance was pre-arranged. After the meeting Trotter and his friends admitted that they went there with the idea of asking Mr. Washington a number of questions and to resent any attack that might be made on the New England representatives to the recent Afro-American council at Louisville.

The meeting was held under the auspices of the Colored Business Men's association of Boston, and Wm. H. Lewis, a United States assistant district attorney, presided.

SUMMER HOTEL DESTROYED.

Two Wealthy Women Suffocated and Their Bodies Burned to a Crisp.

Old Orchard, Me., July 31.—Mrs. Helen L. Martin and Mrs. E. A. Stevens, sisters, wealthy residents of East Grafton, N. H., were suffocated and their bodies burned to a crisp early Thursday in a fire which destroyed the Sea View house, a small summer hotel containing 12 guests. Their room was in the third story. Mrs. E. D. Hooper, of Paris, Me., who occupied a room on the same floor, barely escaped suffocation, after breaking down doors and making her way to the second story, where she was found by firemen. Several other inmates escaped in their night clothing. The property loss was small.

FOUR BLOCKS BURNED.

Big Fire at Hobart, Okla., Entailing a Loss of \$200,000.

Kansas City, Mo., July 31.—A special from Fort Cobb, Okla., says: Fire started Thursday night in Hobart, Okla., in a saloon on the south side of the square. Four blocks have already been destroyed, including the Wells-Fargo express office, City national bank and several large stores. The loss will reach \$200,000.

Among the buildings burned are the Racket store, Edwurm Bros.' department store, Jumbo clothing store, Mack's cafe and Wynn & Durm's hardware store, the largest institution in the town. The fire is supposed to have been of incendiary origin.

Baby Bitten By a Snake.

Chattanooga, Tenn., July 31.—Mrs. William Frazier, of Cleveland, left her year-old baby in a room of her home and later hearing screams she returned and saw a large copperhead snake crawling away. It had bitten the baby three times and it died in a few hours.

SINCE 1893 seventeen men have been lynched in Illinois, nearly all of them for criminal assaults on women. No Southern State has such a record as that.

FLORIDA is coming to the front as a grower of celery. A writer tells of one farmer who sold \$730 worth of it from a quarter of an acre of ground, and says another farmer's crop yielded at the rate of \$3,150 an acre. Such returns as that will soon start all the Florida farmers to raising celery.

AND so Perry Heath is not to be called on for an explanation of any irregularities while First Assistant Postmaster General. After to-day he can not be prosecuted, as the statute of limitation stops all that. It is said the President would not countenance legal proceedings against Heath because of his personal association with the Republican National Committee as Secretary. The President's action is said to have been based on the earnest pleadings of Senator Hanna, Postmaster General Payne and others who have recently visited Oyster Bay. Heath's "pull" on Boss Hanna no doubt saved him. The little fellows without a "pull" have to suffer.

WANTS PARRY MUZZLED.

David M. Parry, of Indianapolis, President of the National Association of Manufacturers, is a rank Republican, and some of the Republican editors are becoming alarmed over his rabid utterances against organized labor. The Chicago Inter-Ocean wants him "muzzled." It's a question whether these Republican editors care any more than Mr. Parry for organized labor, but a campaign is approaching and they know it won't do to antagonize the workmen about election times. Here's the way the Inter-Ocean speaks of Mr. Parry:

David M. Parry, of Indianapolis, has uttered his voice again. It is indeed deplorable that the National Association of Manufacturers should have continued him in its Presidency, and so become in a way responsible for his whirling words. For he is one of those advocates who injure their own cause every time they speak.

"Organized labor," he told the furniture association at New York on Monday, "is laying claim to rights of sovereignty that have not often been exercised by the most despotic governments. Its entire warfare is being conducted to compel the country to acknowledge that no man shall work and no industry be operated without its consent."

That is one of those half truths that are more dangerous to the public peace than could be any number of whole lies. Such utterances both deceive friends and enrage opponents.

That there are men in labor organizations whose purposes are those described by Parry may be admitted. So there are crazy inventors whose main object in building flying machines is to invade the moon. But to attack all labor organizations, and to denounce the whole idea of labor organization, because of the Debses, is as foolish as to demand the repeal of the patent laws because of crazy inventors.

Such men as George F. Baer and David M. Parry, with their wild denunciation of everything and everybody that they personally dislike, do more to threaten the peace of the nation and bring on socialism than all the labor agitators that ever raved. The ignorance and the stupidity with which they defend the rights of property go far to convince thousands that there may be, after all, something in the socialistic theory that property is robbery.

The labor agitator who advocates violence is soon detected and muzzled. The capitalistic agitator who advocates violence should be muzzled with equal promptness, for he, too, is society's dangerous foe.

PITHY POINTS.

The Washington camp meeting was made up mostly of fuss and feathers.

The pistol business and the whisky business are the prolific causes of all crime.

The man who furnished those murderers at Lexington with pistols did a great work.

When a person shows no lively recollection of favors received, it's wasting time calling his attention to them.

The law furnishes no punishment adequate to crimes similar to that committed recently near Danville, Illinois.

When whisky and pistols are estimated at their true value, then the lives of reputable men shall be more safe at home and on the street.

Paris Green That Kills!

Many imagine that all PARIS GREEN is of equal potency. This is not the case. Analysis of samples from various makers shows that some have twice the strength of others. You have perhaps observed evidence of this in the failure of an application of Paris Green to your tobacco plants to rid them of worms as it should.

We guarantee the strength and effectiveness of the Paris Green we sell. The manufacturers have a reputation for the high and uniform excellence of their product.

There's economy in using this Paris Green, it goes farther and always does the work.

I know that Doan's Kidney Pills are a valuable and reliable remedy and this fact is substantiated by ample proof from their personal use. I procured the remedy at J. Jas. LINEN SUITINGS

The extreme popularity of linen this season for stylish summer frocks is indeed a matter of common knowledge. And nothing is more attractive and cool looking than such a gown made as a shirt waist suit or in the two piece suit with long skirted blouse. D. HUNT & SON.

I HAVE HAD A GREAT MANY INQUIRIES

In the last few days from tenants desiring to rent farms for the coming year. Many of these are personally known to me to be reliable, capable men. If you have a farm which you desire to rent, if you will list it with me I can furnish you a good tenant and my charge will be very reasonable. It is the purpose of my office to furnish a reliable real estate exchange in which you may list your property for sale or for rent and come in touch with persons who desire to either purchase or lease. For this reason I wish you to consider yourself perfectly at liberty to talk with me on any real estate transaction. If you know of any farm which you would like to get in exchange for your own, or if you have city property that you wish to exchange for anything else, if you will make your wants known I probably can be helpful to you in the transaction.

It is expected that potato shipments by farmers of the Norfolk (Va.) section will aggregate in value more than \$300,000 before the close of the season. On one day at the height of the season 15,000 barrels were shipped by steamer to New York, 5,000 by railroad to Boston and 2,000 to the West by railroads, while there were other shipments to other Northern markets. From unfavorable conditions in some competitive sections the Norfolk section was exempt this season, and as the farmers planted heavily they were able to meet the great demand at excellent prices.
